- The business case will focus on a critical business issue and may address multiple functional areas. Team members may wish to present the case analysis as if presenting to a Board of Directors.

- Team members may use any reference sources and materials in the public domain (i.e., the university library). Use of unpublished papers is strictly prohibited.

- No team member, faculty advisor or coach should gain information on the content of the presentations being made by other competing teams.
• No team member, faculty advisor or coach should contact any sponsor of the competition or any member of the judging panel; nor should they contact the case writers.

CASE PRESENTATIONS

• All Preliminary Round presentations will take place via videoconference on **Sunday, September 20th**. Videoconference details will be provided to teams closer to the competition date.

• **Final digital PowerPoint presentations, team member names and high-resolution team member headshots (taken in business professional attire) must be submitted via e-mail to casecompetition@nbmbaa.org by 12:00pm PT on Friday, September 18th.** Please note that this is a critical deadline and failure to meet this deadline may result in team disqualification.

• Teams will be assigned their presentation time and virtual room assignment by random drawing during the virtual Student Orientation on Friday, September 18th at 7:00pm ET. Please note that the virtual Student Orientation is mandatory and attendance will be tracked. Videoconference details will be provided at a later date.

• Each team will be given twenty (20) minutes to present via videoconference the results of their analysis; followed by ten (10) minutes of questions by the competition judges who will also be joining the videoconference. All primary team members must participate in the oral presentation.

• Team names will remain anonymous throughout the competition. Team members will be given a two-digit/letter code during the Student Orientation to identify themselves at the start of each round. Points will be deducted from teams who announce or make reference to their academic institution.

Any multi-media used to support your presentation should be embedded and tested in the slide deck beforehand.

• All presentations are required to be compatible with Windows 7 or 8.

• Team members may invite faculty advisors, coaches and classmates to their virtual presentations. No members of a competing team, coach or faculty advisor will have access.
to your team’s virtual presentation during the preliminary or final rounds. All teams will be given access to a recording of the final round presentations after all teams have presented.
